

Use of this Form

This form is to be used by people who possess an architectural qualification obtained overseas, have completed the Overseas Qualifications Assessment (OQA) conducted by the Architects Accreditation Council of Australia (AACA), and are seeking a decision from the Architects Board of WA (Board) on the equivalence of their qualification.

Before completing this form, please read **Information Sheet 10 – Becoming a Registered Architect in Western Australia** which is available from the Board's website (www.architectsboard.org.au).

Equivalence of Qualifications

The Board's preferred method of establishing academic equivalence of qualifications obtained overseas is through the OQA process which is conducted by the AACA.

After completion of the OQA process, when the advice of AACA is that an applicant's architectural qualifications are equivalent to an accredited architectural education course, the Board will regard the applicant's qualification as being equivalent.

Fees

There is no fee for the Board's determination regarding the equivalence of an applicant's overseas qualifications.

Privacy laws and use of this information

Information requested by the Board is strictly confidential. Only that information which is available for publication in the register may be provided to other registration authorities and to the public.

Further Information

Please contact the Board if you require further information:
